

Dear Parents,

We will once again be offering an afternoon Spanish class for any child interested in learning more about the Spanish language. Learning a new language is easier now for your children than it will be at any other time in their lives. Giving your children the opportunity to get their feet wet in Spanish now will enable them to have a head start in high school. I am offering your children a chance to open their minds to learning a new language.

My name is Carolyn Roesel, and I am currently teaching Spanish to 5th through 8th grades during the school day, mostly using the Rosetta Stone program.

The after school program is being offered to grades 2 through 5. For grades 2 and 3 it will consist of learning simple vocabulary, creating simple sentences and playing games to reinforce what has been taught. Students will also spend some time on a Spanish computer program. For grades 4 and 5, we will have some group activities where we learn and practice with vocabulary. In addition, we will be using Rosetta Stone. Rosetta Stone is a computer based language program. It is based on total immersion and the student can progress at his/her own pace.

Whether your child is new to Spanish or has taken it before, he or she is invited to come and join us. The program will run for 10 weeks and the total cost is \$50 per student. We will meet on Tuesday afternoons beginning Tuesday, November 12 and finishing on Tuesday, January 28, taking a break for Christmas. Enrollment will be limited to 20 students. Please complete the registration form below and return to the school office by **Thursday, October 31**. Please enclose a note dismissing your child to Spanish for all sessions, and denoting whether the student will be picked up or go to latch key after Spanish. All checks should be made payable to Carolyn Roesel. If you have any questions, comments or suggestions, please call me at 513-797-8366, or email me at croesel4@yahoo.com.

TO: MRS. CAROLYN ROESEL

Yes, we would like our child(ren) to be enrolled in the after school Spanish Enrichment program.
