

St. Thomas More Father Daughter Dance

Come Spend an Evening in Paris

*Don't miss this special event, plenty of appetizers, light refreshments & finger foods, and of course sweets & treats.
It will be an evening to remember filled with fun, laughter & dancing.
Don't forget to smile when you arrive, our photographer will be taking your picture for your special photo keepsake.
There will be a raffle & lots of extra surprises.*

This is a very special event for the girls & their father/male role models. They share special time together during their reserved night with each other. It has been requested by the fathers that this event be closed to the mothers & outside female guests to allow for special time with their daughters. We greatly appreciate your help & understanding in honoring this request. We promise to post pictures to the STM PTO Facebook page for your viewing pleasure.
