

Hosted by Anita Threet, McNicholas alum and mother of Sheridan Threet.

Discover our mission which guides all we do. Allow us to introduce our thriving academic programs and a highly personal community that transforms our students into faith-focused leaders.

Parents will hear from a current student, current parent, and a McNicholas faculty member. A member of the admissions department will also review important admissions information.

There will be activities for prospective students in grades 6-8.

Please RSVP to admissions@mcnhs.org
